

ABHISHEK - Week 1 Growth Plan (CEO/Tech)

Goal: ₹46,994+ revenue in 1 week | **Role:** Tech Lead & Strategy **Dates:** Sat 4 Jul Fri 10 Jul (Sunday OFF)

समझ लो पहले (Your Role)

- Tum technical head ho — website, backend, SEO sab tumhara domain
 - Tumhe already knowledge hai — isliye complex tasks hain
 - Har din ka kaam complete karna hai, phir hi team aage badhegi
-

Day 1 — Saturday, 4 July 2026 (Setup Day)

1. Website Performance Check (30 min)

- Google PageSpeed Insights pe website daalo: websbond.com
- Score check karo (mobile + desktop)
- Jo issues dikhe, unhe note karo

2. Google Search Console Setup (30 min)

- <https://search.google.com/search-console> pe jaao
- Property verify karo (already meta tag hai)
- URL "websbond.com" submit karo
- Screenshot lo ki kaam hua

3. Render Backend Check (30 min)

- <https://websbond-backend.onrender.com> pe jaao
- Check karo ki UP hai ya DOWN
- Agar DOWN hai to Render dashboard me jaake RESTART karo

4. Contact Form Test (30 min)

- Website pe contact form bharo (apna number daal do)
- Check karo ki lead admin panel me aa rahi hai ya nahi
- Admin panel: websbond.com/admin pe jaao

5. Team Ko Task Do (15 min)

- SUMIT ko 3 business directories batado (Justdial, Sulekha, Google Maps)

- GOPAL ko batao ki aaj sirf Instagram pe scroll kare aur 5 local business pages note kare
-

Day 2 — Monday, 6 July 2026 (Tech Optimization)

1. LCP & FCP Improvement (1 hour)

- GTmetrix.com pe website test karo
- Largest Contentful Paint (LCP) check karo
- Images optimize karo — TinyPNG use karo
- Unused CSS/JS hatao

2. Blog Post Publish (1 hour)

- Ek naya blog post likho (topic: "5 Signs Your Business Needs a Website")
- SEO component check karo (title, meta, canonical, schema)
- Publish karo

3. Sitemap Update (30 min)

- `public/sitemap.xml` check karo
- New blog post URL add karo
- `robots.txt` check karo

4. Team Check-in (15 min)

- SUMIT se pucho ki kitne leads find kiye
 - GOPAL se pucho ki konse business pages dekhe
-

Day 3 — Tuesday, 7 July 2026 (Revenue Generation)

1. Cold Outreach - Local Businesses (1.5 hours)

- Google Maps pe "Gurugram" me "web developer", "digital marketing" search karo
- 20 business ki website check karo
- Jo bhi outdated website hai, unka number note karo
- Unko WhatsApp message bhejo:

Hi [Name], maine aapki website dekhi. Main Websbond se hu — hum Gurugram me hi hai. Aapki website ko improve kar sakte hain taki zyada customers aaye. Kya aaj 5 min baat kar sakte hain?

2. Google Business Profile Check (30 min)

- "Websbond" ka Google Business profile check karo
- Photos, hours, reviews update karo
- Ek new post daalo

3. Lead Management System (30 min)

- Admin panel me aaj tak kitne leads aaye — count karo
- Sab leads ko Excel ya Google Sheets me daalo
- Next follow-up date set karo

4. Team Task (15 min)

- SUMIT ko 5 local businesses ka number dhoondhne ko bolo
- GOPAL ko Instagram pe 1 post banane ko bolo (Canva use kare)

Day 4 — Wednesday, 8 July 2026 (Conversion Day)

1. Follow-up Calls (1 hour)

- Kal jo WhatsApp messages bheje the, unka follow-up karo
- Jo reply kare unhe call karo
- Call script:

"Namaste, main Websbond se bol raha hu. Aapko kal msg kiya tha. Aapki website ke baare me baat karni thi. Kya aapke paas 5 min hain?"

2. CRO - Conversion Rate Optimization (1 hour)

- Website ke CTA buttons check karo
- Contact form ka UX check karo
- WhatsApp button properly dikh raha hai? Check karo mobile pe bhi
- Ek A/B test set karo (CTA button color change)

3. Team Meeting (30 min)

- SUMIT + GOPAL ke saath Google Meet/Zoom call karo
- Unka progress dekho
- Kal ke tasks batao

Day 5 — Thursday, 9 July 2026 (Scaling)

1. Facebook Marketplace Crawl (1 hour)

- Facebook Marketplace pe "Gurugram" set karo

- Local businesses scroll karo
- Jo businesses active hain unko note karo
- Messenger pe message bhejo

2. Website Content Update (1 hour)

- Homepage ki headlines refresh karo
- Client testimonials section update karo (agar naye testimonials aaye hain)
- Case studies page me naya case study add karo

3. Analytics Review (30 min)

- Google Analytics (GA4) dashboard kholo
- Last 7 days: visitors, source, pages dekho
- Screenshot lo — report banao

4. Team Task (15 min)

- SUMIT ko 5 aur leads dhoondhne ko bolo — aaj Justdial se
 - GOPAL ko 2 Reels banane ko bolo (Instagram + Facebook)
-

Day 6 — Friday, 10 July 2026 (Closing & Review)

1. Payment Follow-ups (1 hour)

- Jo bhi interested leads hain, unhe payment reminder bhejo
- Jinka kaam start kiya hai, unse final payment lo
- Payment link: websbond.com/payment

2. Revenue Calculation (30 min)

- Is week kitna revenue aaya — calculate karo
- Excel sheet me daalo
- Target: ₹46,994

3. Week Review Document (30 min)

- Kya kiya, kya nahi kiya — list banao
- Agle week ka plan banao
- SUMIT aur GOPAL ki progress review karo

4. Team Wrap-up (30 min)

- Team ke saath review meeting
- Unka feedback lo
- Agle week ke targets discuss karo

Daily Checklist (Print Karke Rakh Lo)

Day	Date	Main Task	Done?
Sat	4 Jul	Performance Check + GSC Setup + Backend Check	
Sun	5 Jul	OFF - REST	
Mon	6 Jul	LCP/FCP Fix + Blog Post + Sitemap	
Tue	7 Jul	Cold Outreach 20 businesses + GBP Update	
Wed	8 Jul	Follow-up Calls + CRO Optimization	
Thu	9 Jul	FB Marketplace + Analytics Review	
Fri	10 Jul	Payment Follow-ups + Revenue Calculation	

Important Tips

- **Daily standup:** Har subah 10 min team ke saath call karo
 - **WhatsApp group:** Ek group banao — updates share karo
 - **Screen recording:** Har naya feature record karo (Loom use karo)
 - **Client docs:** Har client ka folder banao
 - **Mistakes honge:** Daro mat, seekho aur aage badho
-

Extra Revenue Ideas (Agar Time Ho To)

1. Existing clients ko up-sell karo (SEO + Ads package)
 2. Referral discount offer bhejo — "Friend ko bhejo, 10% discount"
 3. Old leads ko call karo (jo pehle interested the but convert nahi hue)
-

AI Kaise Use Karein (Free Tools) — ABHISHEK

AI tumhara kaam aadha kar degi. Har tool free hai. Bas seekhna hai kaise use karna hai.

1. ChatGPT (chatgpt.com) — FREE

Kab use karein: - Blog post likhna ho: *"5 signs your business needs a website topic pe 800 words ka blog likho. Hinglish me."* - Meta description chahiye: *"Websbond homepage ke liye"*

155 chars ki meta description likho." - Code me error aa raha hai: error copy karo, ChatGPT me paste karo, *"Yeh error fix karo"* bolo - Outreach message: *"Ek cold WhatsApp message likho Gurugram ke salon owner ke liye."* - JSON-LD generate karna ho: *"Mere business ka LocalBusiness schema JSON-LD banao"*

Kaise prompt do: "Tum ek senior developer ho. Muje [task] karna hai. Help karo." — is tarah prompt doge to best answer aayega.

2. Claude (claude.ai) — FREE

Kab use karein: - Bada code likhna ho (ChatGPT se better) - Strategy documents banana - Code review karna - API documentation samajhni ho

3. Google Gemini (gemini.google.com) — FREE

Kab use karein: - ChatGPT ka backup (agar ChatGPT down ho) - Google search results ke saath answer chahiye - Latest tech news / updates

4. Perplexity (perplexity.ai) — FREE

Kab use karein: - Research ke liye: *"Best SEO tools 2026"* search karo - Competitor analysis: *"Top web agencies in Gurugram"* - Industry trends: *"Latest Google algorithm changes"*

5. GitHub Copilot (VS Code me) — Free trial hai

Kab use karein: - Code likhte waqt auto-suggestions - Boilerplate code turant bana deta hai - Comment likho aur code generate karo

6. Canva AI (canva.com) — FREE

Kab use karein: - Blog featured images banani ho - Social media graphics - "Magic Design" se ek click me design ban jayega

Tumhara Daily AI Workflow

Subah 9am: ChatGPT kholo "Aaj ka task breakdown de" bolo
Code likhna: Pehle Claude se approach pucho, phir code karo
Problem aaye: AI se pucho — Google pe time mat lagao
Shaam: Perplexity pe industry news check karo
Content: ChatGPT se blog draft likhwao, phir edit karo

Mantra: Koi bhi kaam ho — pehle AI se pucho ki kaise karna hai. Time bachega, quality badegi.
